

R4S
Assessment of the Scale, Reach, Quality, and Cost
of Service Delivery High Impact Practices for Family Planning
 Readiness Assessment for Community Health Workers

INSTRUCTIONS

Eligibility Criteria:

- Participant is at least 18 years old
- Participant is a trained community health worker
- Participant has provided at least one FP client with a method in the past 3 months
- Participant has provided their consent to participate in this interview

Objectives:

- To evaluate the extent to which providers are ready to provide high quality services for community health workers as a HIP

Remember:

- **Ask one question at a time**
- **Do NOT read the response options, unless otherwise instructed.**
- **Circle or record only one response to each question, unless otherwise instructed.**

Read the following questions to the potential participants and have them respond. If any responses lead to '→ STOP', the client is not eligible to participate. Do not proceed with the survey. Thank the client for his/her time. Let him/her know that he/she has done nothing wrong, but you would like to interview people who may provide the most relevant information for this study.

Section B. Identifying information
